DETAILED ACTION

Reasons for allowance

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach the combination of limitations in the independent claims 1 and 3.

Braida et al. (USP 6317716) teach a sequence display of video images – the abstract; forward and backward searches (col. 3, lines 58-63; col. 7, lines 31-49). However, Braida et al. do not suggest the combination of limitations in claims 1 and 3 especially “if the second electronic document is not located at the second path, searching the reference directory for the second electronic document;

if the second electronic document is not found in the reference directory, sequentially searching higher directories than the reference directory until the second electronic document is found”.

Art Unit: 2167

2. Dependent claims 5-6 incorporate the listed limitations by reference and contain limitations that further distinguish over the art of record. For these reasons, claims 5-6 are considered allowable over the art of record.
